Market Rules

Point Spread / Handicap

"Point Spread" or "Handicap" markets are when it is possible to bet on whether the chosen outcome will win by more than a specific number of points or lose by less than a specific number of points. The bet will be declared void if the outcome is tied once the spread has been applied. Example: a bet on -3.0 points will be declared void if the team chosen wins the game by exactly 3 points difference (27-24, 30-27, 23-20, etc.) Any reference in this section to the term "margin" is intended to be understood as the outcome emerging from the subtraction of the points scored by the 2 opponents.

Unless otherwise stated all handicaps and spreads listed on DraftKings on the Sportsbook are to be calculated based on the result from the start of the listed period to the end of the specified period. It is however customary that for certain handicap bet offers in specific sports (Asian Handicap in Soccer), only the outcomes obtained from the time of bet placement until the end of the listed timeframe will be taken into consideration, thus disregarding any points scored before the time the bet was placed and accepted. Any bet offer with these characteristics will be clearly displayed on site and highlighted in the user's Bet History with the score at the time of bet placement.

2-way Point Spread / Handicap Example: Team A (-7.5) vs Team B (+7.5)

Team A is given a -7.5-point handicap in the game. For the bet to be won, Team A must win the game with a margin equal or greater than the listed handicap (i.e., 8 points or more).

Team B is given a +7.5-point advantage in the game. For the bet to be won, Team B must either win the game, tie the game, or not lose with a margin equal or greater than their listed advantage (i.e., lose with a 7 point or less margin).

The "Point Spread" or "Handicap" can also be referred to as the "Puck Line" in Hockey or "Run Line" in Baseball.

3-Way Spread / Handicap

In a 3-Way Handicap, the line is set so that there can also be a tie outcome, giving you 3 potential bets.

Handicap (-1) - You win if your team wins the match with a goal difference of two or more.

Tie: You win if the team with (-1) Handicap wins the match with exactly one goal difference.

Handicap (+1) - You win if your team draws or win the match.

Money Line

The "Money Line" is a 2-way market based on the outcome of the game listed. The Money Line is inclusive of Overtime and is simply the selection of who will win the game or event.

Total Points/Goals/Runs

The "Total Points", also known as Goals or Runs, is a 2-way market based on the total number of points scored in a game or event by the competitors. The "Total" is set at a specific line with outcomes listed as either Over or Under the listed amount. As with Point Spread/Handicap betting, in those circumstances where the result of the game or event Total point scored is exactly equal to the betting line, then all bets on this offer will be

declared void. "Totals" can also be set on any number of predefined occurrences (e.g., goals, points, corners, rebounds, penalty minutes, etc.).

Example: an offer where the betting line is 128.0 points and the game ends with the result 64-64 will be declared void.

Match Betting

"Match Betting", also referred to as Win-Draw-Win, Match Result (Regular Time) or 60 Minute Line in Hockey, is where it is possible to bet on the outcome of a match or event. The options are: Home Team, Tie/Draw or Away Team. Bets on this are settled at the final whistle or conclusion of 'Regulation Time'.

Outrights / Futures

"Outrights", "Futures" or "Place" betting is when you choose from a list of alternatives and bet on where a participant wins or places within a specified position in the classification of the listed event/competition. Should two or more participants share finishing positions, the settlement will follow the 'Dead Heat Reduction Rules'.

Virtual Match Ups

Virtual Matches or Head to Heads are implicit matchups where the performances of two or more opponents which are not directly confronting each other in the same event are compared. Settlements will be based on the number of times each participant records a predefined occurrence (e.g., goals) in the respective match.

The following criteria will be used to determine the settlement of these type of offerings:

1. Unless specifically stated the bets refer to the next official event (as applicable) that the listed participants/teams are scheduled to take part in.
2. All relative events must be completed on the same day/session which the event is scheduled to be completed for bets to stand. In the case that outcomes of which has been decided prior to the abandonment and could not possibly be changed regardless of future events, which will be settled according to the decided outcome.
3. Results for these offers will only take into account occurrences deriving from the actual play. Results attributable to walk-overs as well as other decisions as specified in clauses 2, 3 and 4 of Result Settlement will not be taken into consideration.
4. Should the aforementioned criteria be inconclusive in determining the outcome for these offers, the following criteria will be progressively referenced to in order to settle the offering:
 1. the applicable Sport-specific rules
 2. Result Settlement rules
5. Bets will be settled as void should it still be impossible to determine a winning outcome

Grand Salami

"Grand Salami" is where it is possible to bet on the total number of listed occurrences (Example: Total Goals, Total Runs) happening during a collection of events. All relevant events must be completed for bets to stand unless settlement has already been determined.

Player Props - Over/Under

Over/Under bets on classification of participants in performances/events must be interpreted as follows: "Over" means a worse or lower position while "Under" means a better or higher position. Example: A bet on a player's classification in a tournament with an Over/Under line 2.5 will be settled as Under if the player classifies first or second. All other placements will be settled as Over.

Fantasy Points

Markets related to Fantasy Points will be based upon DraftKings' official Fantasy Scoring (Classic Rules) as stipulated in the DraftKings Daily Fantasy Rules and Scoring. For a breakdown of DraftKings' Fantasy Point scoring, visit the Daily Fantasy Rules and Scoring available here - <https://www.draftkings.com/help/rules>.

Player Props - Head to Head

Head to Head markets on classification of participants in performances/events will list the specified stat category in the betting market. Settlement of such bets will match official scoring statistics of the sport, league, or governing body from which the event takes place.

Correct Score

Correct Score, or Result Betting, is where it is possible to bet on the partial or definite score of a game or event.

Winning Margin

"Winning Margin" (aka Result Betting) is where it is possible to bet on the final result of a game or event and select the correct 'band' of points between the winning team and losing team. For example, if you think the Patriots will win, but the game will be close, pick the New England Patriots 1-6 Points Winning Margin (where the Patriots winning by 1, 2, 3, 4, 5, or 6 points results in a winning pick).

Odd/Even

"Odd/Even" is where it is possible to bet on the partial or definite amount of a predefined occurrence "Odd" is 1,3,5 etc.; "Even" is 0,2,4 etc. Example: goals, points, corners, rebounds, penalty minutes, etc.

Head-to-Head or 3-Way

A "Head to Head" or "3-Way" is a competition between two or three participants/outcomes, originating from either an officially organized event, or else, as virtually defined by DraftKings.

Half Time/Full Time

"Half time/Full time" is where it is possible to bet on the result at half time and full time. For example, if at half time the score is 45-45 and the game ends 103-101, the winning outcome is Tie / Away Team (the team scoring 103). The bet is void if the Regular Time of the game is played in a different format than what was stipulated at the time the bet is accepted. Settlement rules for if overtime/extra time is included or excluded from full time is set forth in the Sport Rules for the applicable sport.

Draw/Tie No Bet

"Draw No Bet" or "Tie No Bet" is where it is possible to bet on either the home team or the away team. It is

also common practice to refer to "Tie No Bet" in cases where no tie odds are offered. Should the specific game contain no winner (e.g., game ends as a tie), or the particular occurrence not happen (e.g. First Goal, Tie No Bet and game ends 0-0) the stakes will be refunded.

Double Chance

"Double Chance" is where it is possible to bet simultaneously on two (partial or definite) outcomes of a game or event, where 3 outcomes are possible (i.e., a 90minute soccer game). The options are: Home/Draw, Home/Away and Draw/Away. Double Chance bets are settled at the end of Regular Time.

Quarter / Half / Period Bets

Bets on "Quarter / Half / Period X" refer to the result achieved in the relevant timeframe. This does not include any other points tallied from other parts of the event. Bets will be voided if the game is played in any other format than what was stipulated at the time the bet is accepted.

End of Quarter / Half / Period Result

Bets on "Result at end of Quarter / Half / Period X" refer to the result of the game/event after termination of the stipulated timeframe and will take into account all other points/goals/events tallied from previous parts of the event/game.

Race to 'X' Bets

Bets on "Race to X Points / Race to X Goals..." and similar markets refer to the team/participant reaching the earliest particular tally of points. If the market lists a timeframe (or any other period restriction) it will not include any other points tallied from other parts of the event which are not related to the mentioned time frame. If a Tie outcome is offered, this outcome wins if neither team reaches the listed score. If a Tie market is not offered and the listed score is not reached within the stipulated time frame, all bets will be declared void, unless otherwise stated.

First/Next Occurrence Bets

Bets on "Winner of Point", "Scorer of Goal" and similar offers refer to the participant winning the listed occurrence. For the settlement of these offers, no reference to events happening prior to the listed occurrence will be taken into consideration. Should the listed event not be won within the stipulated time frame, all bets will be declared void, unless otherwise stated.

Bets referring to the happening of a particular occurrence in a pre-defined time order, such as "First Card", or "Next Team to receive penalty minutes" will be settled as void if it is not possible to decide the winning outcome. For example, in case of players from different teams which are shown a card in the same interruption of play.

"Team to score first and win" refers to the listed team scoring the first goal in the game and going on to win the game. Should there be no goals in the game all bets will be settled as void.

To Win from Behind

"Team to win from behind" refers to the listed team winning the game after having been at least 1 goal or point down at any point in the game.

MVP, MOP, Etc.

Settlement of bets on offers such as "Player of the Match" or "Most Valuable Player" will be the decision of the competition's organizer, unless otherwise stated.

Winning Goal

Settlement of bets which make reference to terms such as "decisive goal" will be settled based on the scorer of the goal that at the end of the game/tie (as applicable), proves to be the one that has produced an unassailable lead, following which any further goals would prove to be irrelevant towards the final outcome. For a bet to be settled as "YES", the listed player's team must be declared the winner of that particular game or progressing to the next round or winning the competition. Goals scored in Regular Time and Extra Time count but Penalty Shoot outs do not.

Odds Boosts

From time to time, DraftKings might decide to publish markets referring either to the single performance of a participant or team; or markets which combine the potential outcomes of 2 or more participants at higher odds than those normally available, also known as Odds Boosts. DraftKings reserves the right to withdraw such offers, edit the respective odds, and effect any further changes that might deem necessary at its sole discretion.

Settlement of these offers will be based on the following criteria:

1. Unless specifically stated, the bets refer to the next official event that the listed participants are scheduled to take part in.
2. All relative events must be completed within the same day/session as listed in conjunction with the Odds Boost. Should this not be the case, bets placed on the market will be fully refunded except for those markets whose outcomes were decided prior to the abandonment and could not possibly be changed regardless of future events, which will be settled according to the decided outcome.
3. Results for these offers will only take into account occurrences deriving from the actual play.
4. All connotations related to the bet must be fully and unquestionably complied with for the bet to be deemed as winning, regardless of any possible conflict with the sport-specific rules, or with any potential interpretation based on previous or current presentation of offers related to events in that particular sport and the way these are normally presented in the Sportsbook. Bets will be settled as void should it still be impossible to determine a winning outcome.
5. While all necessary precaution has been taken by DraftKings to ensure a superior user experience, it is to be understood that markets might fluctuate in such a way that at any given point in time these do not present an enhanced value comparable to related bet offers currently present on site.

Mythical 2/3 Ball

'Mythical 2/3 Balls' are a type of Golf bet which allows you to bet between 2 or 3 golfers who are not in direct competition.

Rest of the game

Bets referring to "Rest of the game" or similar will consider only outcomes and occurrences obtained from the

time of bet placement until the end of the listed timeframe, thus disregarding any occurrences registered before the time the bet was placed and accepted.

Bets on specific timeframes/intervals

Bets on specific timeframes/intervals (example: Game result between 60:00-89:59), will consider only outcomes and occurrences accumulated during the specified timeframe/interval. Settlement will not take into account any other points/goals/events tallied from other parts of the event/game outside the specified timeframe/interval, including stoppage/injury time, unless specified.

Each-Way or Win/Place Betting

An Each-Way (E/W) or Win/Place (W/P) bet is a bet consisting of two separate parts - a win part and a place part. The win part of the bet is on your selection to win the event, and the place part is on your selection to finish either first or within the event's specified place terms (e.g., 2nd, 3rd, 4th, etc.).

When you place an Each-Way bet (by performing the specified action in the bet slip), your wager amount is doubled, with half allocated to the outright win, and the other half allocated to your selection finishing within the place terms. Each event has specified place terms depending on the number of participants, e.g., $\frac{1}{4}$ 1-2-3. In this example, an Each-Way bet placed on a selection that finishes 1st will pay in two ways: you will win the outright portion of the bet, but you will also win the place portion at $\frac{1}{4}$ the outright odds as it finished in the top 3.

Parlay

A "parlay" or "parlay bet" is a bet where the customer chooses two (2) or more selections and requires every selection to be correct in order for the parlay bet to win. If, as part of a parlay bet, an individual selection is void, then the individual selection will be excluded from the parlay bet, and the odds of the parlay bet will be recalculated to reflect the remaining selections in the parlay bet.

Round Robins

Round Robins are similar to parlays in that you choose several selections within one bet, but all possible combinations of bets from those selections are covered, with the advantage of winning even if not all picks are winners.

Same Game Parlay

"Same Game Parlay" is a single bet combining multiple selections from the same event and is dependent on all of those selections winning, with the exception of some voided selections. Further details for the settlement rules for Same Game Parlays are set forth in the Sports Rules for the relevant sport.

Teasers

A teaser bet allows you to adjust the points spread and game totals on two or more football or basketball teams by choosing a fixed number of points. The number of teams and points selected determines your payout odds.

All selections must be successful for the teaser bet to win. A push (or void) in a regular teasers with ~~of~~ more than two teams, without a losing selection, will result in the bet dropping to the next level down. For example, a regular three team teaser with one pushed selection and no losing selection will drop down to be a regular two team teaser. A push (or void) in a regular two team teaser (including those that have dropped down to a two team teaser), without a losing selection, will be “no action” and the wager will be refunded. A push in a super or monster teaser will result in the bet being settled as lost.

Teaser bets will only be allowed on pre-game events and only for selected leagues, including:

1. Regular teasers for NBA, college basketball, NFL, college football or any other league in which teaser bets are allowed (4, 4.5 and 5 for Basketball and 6, 6.5 and 7 for Football)
2. Basketball Super Teasers: 3 team teaser - buying 8 points, ties lose, odds -120/1.83
3. Basketball Monster Teasers: 4 team teaser - buying 10 points, ties lose, odds -120/1.83
4. Football Super Teasers: 3 team teaser - buying 10 points, ties lose, odds -120/1.83
5. Football Monster Teasers: 4 team teaser - buying 13 points, ties lose, odds -140/1.71

Buying points allows you to change the point-spread or game total of a football or basketball game. You can move the point-spread so you get more points when betting the underdog, and fewer points when betting on the favorite. You can move the total so you get a higher total when betting the under or a lower total if betting the over.

Bets on Market With “Field” as an Option:

A bet on the “Field” means a bet on all other singular selections which are not listed for that market. No other selections will be added to this type of market. For example, if betting on the market, “Series Leader: Total Rebounds” with six (6) players listed, along with a “Field” option, and an unlisted player records the most rebounds in that series, the “Field” selection would be graded as the winner.

Bets on Market Without All Possible Selections Listed and No “Field” Option:

If the market (or rule) states “Only Listed Selections” or something similar, then only listed selections for that market will be taken into account for grading purposes, and no other selections will be added to the market. For example, if betting on the market, “First Field Goal” in an NBA game, the market states “Only Listed Selections”, and the player who scores the first field goal of the game was *not* listed as a selection in the market, the first listed player in the market who scores a field goal would be graded as the winner.

If the market (or rule) does *not* state “Only Listed Selections,” or something similar, and the market does not have a “Field” option as a selection, then other selections may be added to the market in the future. For example, if the Rookie of the Year market in the MLB does not state “Only Listed Selections” or something similar and the market does not have a “Field” option as a selection, players may be added to the market throughout the course of the season. All bets placed will be graded as action in this scenario (as long as any other criteria for the bet to be action are met).

4. Winning tickets expire after one hundred eighty (180) calendar days from the time of bet settlement.
5. The time on the tickets is Central Prevailing Time.
6. Pre-match wagers are accepted up to the start of the game. If a pre-match wager is inadvertently accepted after the start of the event the wager will be treated as "No Action." For clarity pre-match wagers excludes live in-game wagering.
7. If DraftKings has reason to believe that a bet is placed after the outcome of an event is known we reserve the right to void the bet, win or lose.
8. Except as noted below or otherwise specified, all events must be held within thirty six (36) hours of the scheduled date to be considered "action".

4. Betting and Payout Limitations

1. The minimum bet amount is one US dollar (\$1.00). DraftKings reserves the right to limit the maximum bet amount such that the net payout (the payout after the wager amount has been deducted) on any bet or combination of bets by one Patron does not exceed five hundred thousand (\$500,000). This limit may be lowered by DraftKings in DraftKings' sole discretion. For further information it is recommended to consult the Sport Specific Limits.
2. All bet selections are subject to pre-imposed limits set solely at DraftKings' discretion which may be lower than the limits mentioned in the Sport Specific Limits and/or mentioned elsewhere. Should this limit be reached, the Patron has the right to ask for it to be exceeded by means of a request to the

Sportsbook supervisor. DraftKings reserves the right to accept (fully or partially) or reject the said request without any prior notice and further explanation.

3. DraftKings reserves the right to decline or void, in its sole discretion, all, or part of, any bet requested. This includes the possibility that a "System bet" is not accepted in full, either in terms of wagers or combinations included in said "System bet".
4. DraftKings reserves the right to restrict or deny access, in whole or in part, to your user account, at DraftKings' own discretion.
5. All bets placed through the Sportsbook, including but not limited to bets requesting manual approval, may be subject to a time delay prior to acceptance, the length of which may vary. Such delay is to be determined by DraftKings in its sole discretion.
6. DraftKings reserves the right to withhold payment and/or to declare bets void on an event (or series of events), if DraftKings determines, in its sole discretion, that any of the following has occurred:
 - a. the integrity of the event has been called into question;
 - b. the price(s) or pool has been manipulated;
 - c. Game-rigging has taken place, or the game is under investigation for such; or
 - d. Any other occurrence that, in the reasonable discretion of DraftKings, would tend to show that the event (or series of events) was unduly influenced by factors outside of the event (or series of events) itself.

Evidence of the above may be based on the size, volume or pattern of bets placed with DraftKings across any or all of its betting channels, as well as information received from other betting providers or officially recognized organizations.

7. All odds offered are subject to variation. Such fluctuation is determined by DraftKings in its sole discretion. Bets are accepted only at the odds available in the betting grid at the time the bet offer is accepted by DraftKings, without regard to any other claim or previous publication present on the website or any other media detailing otherwise.
8. All payout calculations when settling bets will be done based on decimal odds, irrespective of any other format displayed/chosen at the time of bet placement.
9. The official result is final for settlement purposes except where specific rules state the contrary. The podium position in a motor race, the medal ceremony in athletics and any similar official ceremony or presentation in other sports are to be treated as the official result.

5. Cancellation (Voiding) of Bets

1. When an event is cancelled prior to starting, all related bets will be void.
2. If any game is abandoned due to injury, bad weather, crowd trouble etc. all bets that have already been settled up until the time of abandonment will stand. For example: If a football game is abandoned in the second half, all bets involving the 1st half will stand. What's more, if a touchdown has been scored, the first touchdown scorer market will stand, but the last touchdown scorer bets will

be void. For tennis: if a player retires injured in the 3rd set, all bets to win the 1st and 2nd sets will stand.

3. A bet made as a parlay, except made as a Same Game Parlay, shall remain valid notwithstanding a game or an event which is part of the parlay bet being void.
4. DraftKings reserves the right, at its own discretion, to declare a bet void, totally or partly, irrespective if the bet is settled, if it is obvious that any of the following circumstances have occurred:
 - a. Bets have been offered, placed and/or accepted due to an Error;
 - b. Bets placed while the website was encountering technical problems, that would otherwise not have been accepted;
 - c. Influence Betting;
 - d. Syndicate Betting;
 - e. A result has been affected by illegal activity- directly or indirectly;
 - f. An announcement has occurred in relation to the bet which alters the odds, such announcement occurring after the posting of the affected betting market and bets being placed on the affected event in a manner that would tend to show that the announcement affected the way that end users chose to bet.
 - g. When a Patron places multiple copies of the same bet or places a number of bets that contain the same single selection. When this occurs, all bets may be voided apart from the first bet struck. An example would be where one particular selection is repeatedly included in multiple bets involving other short-priced selections.
 - h. Where there is evidence of a series of bets each containing the same (or very similar) selection(s) having been placed by the same individual or syndicate of individuals.
5. A bet made as a parlay, except made as a Same Game Parlay, shall never include two or more offers where the outcomes of which might turn out to be related (e.g. Team X to become champions and Player Y to be Top Goal Scorer in the same league). Although DraftKings takes all necessary steps to prevent such possibilities, in the eventuality that this would happen, DraftKings reserves the right, solely at its own discretion, to declare void all parts of the accumulative/parlay bet which include the correlated outcomes.
6. Bets can be voided regardless of whether the event has been settled or not.
7. Furthermore, all bets placed (and/or accepted) in the following circumstances will be declared void:
 - a. Pre-game betting
 - i. Betting effected after the event has started;
 - ii. Betting effected after a related event was underway and where conditions could have been altered in a direct and indisputable way.

b. Live betting

- i. Betting effected at incorrect price due to delayed or failing 'Live' coverage;
- ii. Betting effected on particular offers after these have occurred, or else after an event which could normally be deemed as leading to the outcome has happened or is happening (e.g. bets placed on offers such as Total Goals Scored or Next Goal while a penalty is being taken, or has been awarded);
- iii. Betting effected on odds which represented a different score than the actual score.

14. 15. You recognize and confirm that in the event you incur any damages, losses or injuries that arise out of the company's acts or omissions, the damages, in the event any, caused to you are not irreparable or sufficient to entitle you to an injunction.
16. These Rules shall be governed by the internal substantive laws of the State of Kansas, without respect to its conflict of laws principles or any other law or regulation that would permit or require the application of the substantive laws of any jurisdiction other than the State of Kansas. The exclusive jurisdiction and venue for proceedings involving any and all disputes, claims, or controversies arising out of or relating to these Rules or the breach thereof (together "Claims") shall be the courts of competent jurisdiction sitting within the State of Kansas (the "Forum"), and you and DraftKings hereby waive any argument that any such court does not have personal jurisdiction or that the Forum is not appropriate or convenient. You and DraftKings waive any and all rights to trial by jury with respect to any Claims. In the event that either you or DraftKings initiates a proceeding involving a Claim other than in the Forum, the other party shall recover all attorneys' fees and expenses reasonably incurred in enforcing these Rules and the Forum to which you and DraftKings have herein agreed.
17. You agree to indemnify, protect, defend, and hold harmless the Company Entities and Individuals, from and against any and all third party claims, liabilities, losses, damages, injuries, demands, actions, causes of action, suits, proceedings, judgments, and expenses, (including reasonable attorneys' fees, court costs and other legal expenses, including, without limitation, those costs incurred at the trial and appellate levels and in any bankruptcy, reorganization, insolvency or other similar proceedings, and any other legal expenses) arising from or connected with your breach of these Rules.

18. Any attempt by any person to deliberately damage any equipment, systems and/or software of DraftKings, or to undermine the legitimate operation of any wagering activity or event may be a violation of criminal law. In the event of any such attempt, DraftKings reserves all rights, including the right to seek damages from any such person to the fullest extent of the law.
19. Wagering rules and conditions are subject to change; please refer to odds sheets/displays for details. In the event there is a conflict between a stipulation on an odds sheet/display and these Rules, the stipulation on the odds sheet/display will prevail.
20. Patrons with disabilities who are unable to verbally or physically place a wager are permitted to designate a proxy to verbally or physically place a wager on their behalf. Any designated proxy is subject to the approval of DraftKings. Such approval is in the sole discretion of DraftKings, in compliance with applicable law. Patrons must be present at all times when using a proxy. All results obtained by the proxy will be final and considered as the results of the Patron who requested the proxy. All payments shall be made to the relevant Patron(s) and not to their respective proxies. Proxies must be at least twenty one (21) years of age and must provide a valid identification acceptable to DraftKings.

7. Common Terms of Reference

1. Unless listed either in conjunction with the odds, the sport-specific rules, the Market Rules or the specific bet terms, all bets should be considered valid for the result at the end of the "Regular Time" or "Full Time" only. "Regular Time" or "Full time" is defined as interpreted by the official rules published by the respective governing association. For example, in soccer, full time is stipulated to be 90 minutes including injury time, and in hockey it is stipulated as the three 20-minute periods. Should the governing association decide to stipulate, before the start of the event, that the said event is to be

played over a different duration, this will be treated as being the official rules for the event (for example, Under 17 football played with two 40-minute halves). Nonetheless, such occurrence is limited to the "regular" playing time and does not include any prolongation such as extra time or overtime, unless explicitly stated.

2. "Live betting" is where it is possible to bet during an ongoing game or event. DraftKings does not acknowledge or accept any liability whatsoever if it is not possible to place a bet or the live score update is not correct. At all times it is the Patron's responsibility to be aware of the game and the events surrounding it such as the current score, its progression and how much time remains before the game is completed. DraftKings does not accept any liability for changes to the Live betting schedule or interruption of the Live betting service.
3. The 'Cash Out' function allows the Patron the possibility to redeem a bet, which status has not been settled yet, at a value specified by DraftKings at the time the Cash Out is offered. It is available on selected events both in pre-game and live, as well as on both single and parlay bets. Cash Out functionality cannot be used on free or bonus bets. Cash Out requests might be subject to an imposed delay. Should it happen that during this delay, for whatever reason, either the offer is removed or odds fluctuate, the Cash Out request will not be accepted and the Patron will be notified with an on-screen message. DraftKings reserves the right to offer such functionality solely at its own discretion and does not acknowledge or accept any liability whatsoever if the Cash Out functionality is not available. Should a Cash Out request be successful, the bet will be settled immediately and any subsequent events which occur in relation with the bet will not be taken into account. In the instance of a cashed-out bet having suffered from a technical, pricing or settlement error at any time between the time of original placement and the cash out, DraftKings reserves the right to rectify such inaccuracy in DraftKings' sole discretion.
4. The "Participant" is an object constituting part of an event. In "Head-to-Head" and "Triple-Head" the Participant only refers to objects that are subject to the "Head-to-Head" or "Triple-Head" event in question.
5. The deadline (cut-off time) shown on the website is to be treated for information purposes only. DraftKings reserves the right, at its own discretion, to suspend, partially or completely, the betting activity at any time DraftKings deems necessary.
6. Statistics or editorial text published on DraftKings' sites are to be considered as added information, but DraftKings does not acknowledge or accept any liability whatsoever if the information is not correct. At all times it is the Patron's responsibility to be aware of all relevant circumstances relating to an event.
7. In case of any conflict between these Rules and language in a bet slip, the language in a bet slip will prevail. In the event of a conflict within these Rules, the conflict shall be resolved by giving precedent in the following order, from highest precedent to lowest: (i) the Sport Rules; (ii) the Market Rules; and (iii) the General Rules.

8. Prohibited Sports Wagering Participant

1. In addition to how "prohibited sports bettor" is defined in the Terms of Use, a "prohibited sports bettor" shall also include any of the following individuals:

- a. Any person who is under the age of twenty-one (21);
 - b. Any person placing wagers while not within the State of Kansas;
 - c. Any employee, officer, or director of DraftKings or Boot Hill Casino & Resort, and any relative living in the same household as such persons;
 - d. Athletes, coaches, referees, team owners, employees of a sports governing body or its member teams, and player and referee union personnel placing wagers on any sporting event overseen by such sports governing body;
 - e. Any person placing wagers as agents or proxies for other person; and
 - f. Any person placing wagers who has been convicted of any felony or misdemeanor offense involving sports wagering.
2. If any bets are placed by any prohibited sports wagering participants, such bets shall be cancelled and refunded.

9. Methods of funding a wager

Retail wagers may be funded through multiple options, including, cash, chips, vouchers, winning tickets, and may include any other method approved by the Kansas Lottery and the KRGC.

10. Dead Heat Reduction

1. In the event a bet sees two or more competitors tied for the same winning position (according to the terms of the bet), the “Dead Heat Reduction (“DHR”) rules” apply.
2. A “Dead Heat Reduction” is calculated by dividing the odds proportionally among the number of winners for a particular position (i.e. finishing place) in the event. For example, in a two-way tie aka ‘Dead Heat’, your return would be half of what was originally projected in the bet slip at the time of bet placement.
 1. Example (all calculations should use decimal odds):
 1. You bet \$50 wager on a golfer to have the best score among a group of 3 at +150 (2.5) odds.
 2. The event ends with two golfers tying for the best score in the group.
 3. $2.5 \text{ (original odds)} \div 2 \text{ (number of participants who tied)} = 1.25 \text{ (DHR odds)}$
 4. $\$50 \times 1.25 = \62.50 payout
3. A “Dead Heat Reduction” involving a bet with more than one finishing position (e.g. Top 10) is calculated as follows:
 1. Divide the number of participants who tied by the number of remaining finishing positions.
 2. Divide your original odds by the result of the calculation immediately above to find the new odds.
 3. Example (all calculations should use decimal odds):
 1. You bet \$50 wager on a golfer to place in the Top 10 at +200 (3.0) odds.

2. The event ends with the golfer tying for 8th place with 5 other golfers.
3. $6 \text{ (tied participants)} \div 3 \text{ (8th, 9th \& 10th)} = 2.0$
4. $3.0 \text{ (original odds)} \div 2.0 \text{ (new odds)} = 1.5 \text{ (DHR odds)}$
5. $\$50 \times 1.5 = \75 payout

11. Sport Specific Limits

DraftKings reserves the right to limit the maximum bet amount (on a per user or aggregate basis, in DraftKings' sole discretion) such that net payout (the payout after the wager has been deducted) on any bet or combination of bets will be within the limits below, or other limits as DraftKings may set from time to time in DraftKings' sole discretion.

Unless explicitly agreed to by DraftKings, any wager that would result in a net payout (the payout after the wager has been deducted) in excess of the limits listed below will not be accepted.

Limits vary depending on the sport, the type of competition and the type of odds. Should a bet contain a combination of offers from different sports/categories/games and/or offer types, the bet amount will be limited such that the payout will be limited to the lowest level included in the combination, as specified below. The limits listed below are the net payout (the payout after the wager has been accepted) limits, not the maximum bet amounts.

 1. cards handed out by the Sportsbook;
 2. screens or other displays; or,
 3. a URL on the property website.
2. BAB will allow the Patron to browse the Sportsbook’s bet offerings on a website, and subsequently create bet slips for wagers the Patron would like to eventually place with a ticket writer or at a kiosk, by producing a separate BAB code (QR or alphanumeric code) that was generated on the Patron’s smartphone.
3. No wagers can be placed on the Patron’s smartphone directly from the BAB website.
4. The Patron must present the BAB code associated with the bet slip at the ticket writers’ counter or at the Kiosk to be scanned/entered for a valid wager to be created. Wagers generated via BAB will not be considered valid until a bet slip has been created by the ticket writer or at the kiosk.
5. Presenting the BAB code to a ticket writer or at the Kiosk does not guarantee an acceptance of the bets associated with the BAB code. The bets generated can be rejected for any reason including, without limitation, a material change in market conditions, a bet exceeding a limit, an event contained in a wager having started or the existence of an Error as defined in these Rules.
6. Should the odds originally associated with one of the Patron’s bets have changed, the customer will be presented the option of accepting the bet at the updated odds/returns or not placing the wager in its entirety.

Soccer

General Rules

- All markets are settled based on the result at the end of regular time (including injury/stoppage time). Extra time and penalties are not included unless indicated.
- Should any match be played prior to the date or kick-off time denoted, bets will stand as long as the bet is placed prior to the revised kick-off time.
- In the event a match venue is changed, bets already placed will stand as long as the home team is still designated as the home team. In the event the home and away teams for a listed match are reversed (i.e. the home team becomes the away team), bets placed with the original listing will be void.
- All bets on a match abandoned before the completion of the regular time will be void unless the match is rearranged and played on the same date (local time) or it is stated otherwise in the rules, except for bets on any markets that have been unconditionally determined.
 - An exception to the rule directly above is made when this rule relates to friendly matches. In such cases, all match markets are settled based on the actual result at the end of the match (excluding any extra time), irrespective of whether the full 90 minutes is played. This rule applies only to matches with regular playing time of two 45-minute halves.
 - Some Soccer matches may have different playing schedules. In that case, the following will apply:
 - 90 minutes scheduled play (3 x 30 minutes). Full time bets are still considered valid. Half-time bets are considered void.
 - 80 minutes scheduled play (2 x 40 minutes). All bets are still considered valid.
 - If the playing schedule is different from the above stated, all bets are void.
 - Video Assistant Referee (VAR) will be taken into account. Decisions made after a significant event occurs may result in confirmed bets being voided. Bets voided will be from the time of the significant event until the time the final VAR decision was officially announced.
 - Bets on a match or qualification are not affected if a team is subsequently disqualified from, or reinstated to, the competition.
 - If the match does not take place as scheduled and is not played on the same date (local time) all bets are void. An exception is made if an incorrect kick-off time is announced on our website.
 - Bets regarding an occurrence inside/outside a specific area will consider an occurrence transpiring on the line as inside that area.

Specific Market Rules

- **Fast Markets** - Fast Markets offer betting on whether certain match events happen in the next X minutes:
 - A goal will be settled on the time the goal is scored.
 - A corner is considered to have happened when it is awarded (not when it is taken).

 1. The official website of the competition.
 2. The data transmitted by our data providers.
 3. The data from the TV broadcaster covering the match.
- **Extra Time** - All bets are settled on the official statistics for the extra time period only. Any goals, corners, etc. that were taken or scored during regulation time do not count. Extra time does not include a penalty shootout. If the match does not go to extra time all bets are void.
- **Penalty Shootout** – Bets stand based on legitimate penalties. In the case that penalties need to be retaken, action will follow through to the legitimate kick.
- **Asian Handicaps** - The Asian Line is a special type of handicap used for Soccer matches. Depending on the strength of each team, a handicap (spread) is issued for the game. This enables the odds for each side to be more similar, allowing more competitive betting opportunities. All bets on the Asian Handicap in live betting (including 1st/2nd half bets) are settled according to the handicap (spread). Any goals prior to the bet being placed are ignored for settlement purposes. If a match is abandoned, bets will be void.

- **Over/Under** - Predict the total goals scored in a match. Goals are considered regardless of whether they are scored before or after the bets are placed (unlike Asian Handicaps, where the score before the bet has been placed is ignored). If a game is abandoned, bets will be void unless settlement is already unconditionally determined.

| Over/Under | What it means |
|------------|---|
| Under 2 | Bets win if there is either 0 or 1 goal scored in the match. If there are two goals exactly, the stake is returned. Bets lose if there are three or more goals scored in the match. |

- **Teams Clean Sheet** - Clean sheet means that a team will finish the game without conceding a goal. Own goals are valid for settlement purposes.
- **Total Goal Minutes** - Total Goal Minutes is the sum of the minutes of all goals scored in the regular time of the game. Goal times are recorded as the full minute according to the official source. Any goal scored in the added time of the 1st half will be recorded as the 45th minute. Any goal scored in the added time of the 2nd half will be recorded as the 90th minute. As soon as a game kicks off, it will be deemed to be in the first minute. For example, a goal scored after 24 minutes and 16 seconds will be settled as scored in the 25th minute.
- **Moneyline Rest of The Match** - All bets are determined without taking into consideration the current score at the time the bet is placed – as if the game were starting again from 0:0 score after the bet is placed.
- **Scorecast** - This is a prediction on both First to Score and Exact Score of the match. Both must be correct for the bet to win. Own goals are not counted for First to Score. If the 1st goal is an own goal, the next goal scored which is not an own goal will be counted for settlement purposes. If there are only own goals in the match, bets will be settled with the Exact Score market odds at kick-off time. If the match ends with a 0:0 score, all bets will be void. If a player comes on the field after the first goal is scored or did not take part in the game at all, bets including that player as first to score will be settled with the Exact Score market odds at kick-off time. If a match is abandoned after the first goal is scored, bets will be settled with the First to Score odds of the Goalscorer bet type at kick-off time.
- **Corners Full Time/1st Half/2nd Half** - Awarded, but not taken corners (there is a corner, but before it is taken the referee signals for the end of the first half or the match) will not count for settlement purposes. If a corner needs to be retaken for any reason, it will be counted as 1 corner.
- **Asian Handicap & Over/Under Corners FT/1st Half/2nd Half** - This market is similar to Handicap (Spread) and Over/Under wagering. Win/Loss for the Handicap part is determined by comparing the corners taken by each team, applying the given Handicap. Win/Loss for the Over/Under part is determined by the corners taken by both teams. Push rules apply.
 - Asian Handicap & Over/Under Corners FT will be settled according to the corners taken during the whole match.
 - Asian Handicap & Over/Under Corners 1st Half will be settled according to the corners taken in the 1st half only.
 - Asian Handicap & Over/Under Corners 2nd Half will be settled according to the corners taken in the 2nd half only.
 - Awarded, but not taken corners (there is a corner, but before it is taken the referee signals for the end of the first half or the match) will not count for settlement purposes. If a corner needs to be retaken for any reason, it will be counted as 1 corner.

- **Total Corners 2-Way** - Predict if the total corners taken in the match (by both teams) will be over or under a given number. Push rules apply. Awarded, but not taken corners (there is a corner, but before it is taken the referee signals for the end of the first half or the match) will not count for settlement purposes. If a corner needs to be re-taken for any reason, it will be counted as 1 corner. If a match is abandoned, all bets will be void unless settlement is already determined.
- **Corners 3-Way Handicap** - In 3-way Handicap betting, the line is set so that there can also be a draw outcome, giving you 3 potential bets. Bets are settled by comparing the corners taken by each team, applying the preset handicap (spread). Awarded, but not taken corners (there is a corner, but before it is taken the referee signals for the end of the first half or the match) will not count for settlement purposes. If a corner needs to be re-taken for any reason, it will be counted as 1 corner. If a match is abandoned, all bets will be void unless settlement is already determined.
- **VAR** - VAR review means that the referee needs to stop the game to consult the Video Assistant Referee (VAR). A VAR review will have been deemed to have occurred when there is notification of such within the stadium (Scoreboard /Tannoy announcement).
- **Cards** - This market is similar to Over/Under wagering. Win/Loss is determined by points accumulated for cards shown to both teams. A yellow card counts as 1 point, and a red card counts as 2 points. In the event a player receives 2 yellow cards, resulting in a red card, no points are counted for the 2nd yellow card. The maximum number of points a player can accumulate during a match is 3. Only cards shown to players on the playing field count. Cards shown to non-players (managers, coaches, substitutes on the bench, etc.) do not count. In the event a match is abandoned, all bets will be void unless settlement is already determined.
- **First/Last Card** - Predict which team will receive the first/last card (yellow or red) in the match. In the event players from both teams are booked for the same incident in which the first or last card is received, bets will be void. In the event a match is abandoned, all bets will be void unless settlement has already been determined.
- **Substitutes** - Substitutes are similar to Handicap and Over/Under wagering. Win/Loss for the Handicap part is determined by comparing the substitutes used by each team, applying the given Handicap (Spread). Win/Loss for the Over/Under part is determined by substitutes used by both teams. If a match is abandoned, all bets will be void unless settlement is already determined.
- **Offsides** - Offsides are similar to Handicap and Over/Under wagering. Win/Loss for the Handicap part is determined by comparing the offsides ruled against each team, applying the given Handicap (Spread). Win/Loss for the Over/Under part is determined by offsides ruled against both teams. If a match is abandoned all bets will be void unless settlement is already determined.
- **Fouls** - Fouls are similar to Handicap and Over/Under wagering. Win/Loss for the Handicap part is determined by comparing the fouls committed by each team, applying the given Handicap (Spread). Win/Loss for the Over/Under part is determined by fouls committed by both teams. Only fouls conceded will count for settlement purposes. This includes any act by a player that is deemed to interfere with the active play of the game by the referee, excluding offsides. Any misconduct that happens when the ball is out of play will not count as a foul. Penalties are included in the overall fouls count.
 - German Bundesliga fouls - for settlement purposes "fouls" but not "fouls overall" statistics from the official Bundesliga website will be used.

- **Ball Possession** - Ball Possession is similar to Handicap wagering. Win/loss is determined by the ball possession of both teams, then by comparing the ball possession with the Handicap (Spread) given before the game started. If a match is abandoned, all bets will be void.
 - For settlement purposes, possession percentages are rounded to the closest number as follows:

50.4% > 50%

50.6% > 51%

- **Passes** - A ball played intentionally from one player to another. Attempted passes will also count as valid for settlement purposes.
- **Shots on Target** - Shots on Target is similar to Handicap and Over/Under wagering. Win/Loss for the Handicap part is determined by comparing the shots on target of each team, applying the given Handicap (Spread). Win/Loss for the Over/Under part is determined by shots on target of both teams. If a match is abandoned, all bets will be void, unless settlement is already unconditionally determined.
- **Score/Miss a Penalty** - Predict if a certain team will score or miss a penalty during the game. Penalties that were cancelled by the referee will be ignored. When no penalty is taken, bets will be settled as losers.

- **Player Cards** - Predict which Player will be carded - either with a yellow card or with a red card during the match. Players entering the field as substitutes are eligible and will be counted for settlement purposes. Cards shown to non-players, such as managers, substituted or substitution players - do not count for settlement. Any card shown after the full time whistle has been blown will be disregarded. Both yellow and red cards count. If a match is abandoned all bets will be void unless settlement is already determined.
- **Player of the Match** - Predict who will be announced as the Player of the Match. The winner will be determined based on the official result announced by the official competition organizer (e.g. UEFA for Champions League, FIFA for World Cup matches etc.). If there is no official result announced by the official competition organizer, then the market will be settled on the result announced by the main UK television broadcaster. If a match is televised live on more than one channel, then the main UK television broadcaster will be determined based on the following order:
 - BBC
 - ITV
 - Channel 4
 - Channel 5

- Sky Sports
- BT Sports
- Any other
- If there is no official result or no live UK broadcaster names a Player of the Match, then all bets will be void.

 - The ball hits the frame of the goal.
- **Hit the Woodwork player props** - Bets on whether a particular player(s) will manage to hit the crossbar, goal post or any other part of the frame delineating the goal area. Only direct shots from a player, which hit the woodwork without any other interference from players or the goalkeeper will count for settlement purposes.

Futures/Other Props

- If two or more players share the applicable finishing positions and no odds have been offered for a drawn outcome, the payout will be calculated via Dead Heat Reduction rules.
- **Outrights/Winner** - Predict the winner of the relevant competition. Bets are settled on the final league position, unless a play-off is used to determine the outright winner.

- **Team Goalscorer** - Predict which player of a certain team will score the most goals in a League/Tournament. Goals scored both in regular and extra time count. - **Top Goalscorer** - Players who are nominated to play for their teams are considered valid bets regardless of whether they are sidelined or injured during the tournament. In case a player is transferred to a different club within the same league, goals scored prior to the move will be counted. If a player is transferred to a club in another league, goals scored prior to the transfer cannot be brought over to their new league. All bets will stand in case of any of the above-mentioned scenarios, unless otherwise stated:

- **Mythical Matches** - Mythical Matches are head-to-head matches between two teams which do not play against each other in an actual match, but against opponents in two different matches, with the outcome of both being combined to produce the result of a mythical bet. Mythical Matches will use the main Moneyline, Handicap & Over/Under lines from both separate events and perform combined main Moneyline, Handicap & Over/Under lines. Mythical match bets involve the virtual pairing of any two teams. Mythical match results are decided by the number of goals scored by the two paired teams in their respective matches. The winning team is the team with the highest number of goals scored. Venue (Home or Away) of the matches is not considered in these Mythical matches. If any of the paired team's matches are postponed, rescheduled, or abandoned all mythical match bets involving those teams will be void.

Pre-live Same Game Parlays

- Settlement of these bets will be based on the following criteria:
 - in the event a pre-live Same Game Parlay contains a selection applicable to a player who did not participate in the match ("Soccer Non-Participating Player"), the selection containing the Soccer Non-Participating Player will be voided and the pre-live Same Game Parlay will be repriced based on the last odds available to DraftKings prior to the start of the match. In the event all

selections in a pre-live Same Game Parlay are Soccer Non-Participating Players, then the whole bet will be settled as void.

- in the event a pre-live Same Game Parlay contains at least one (1) selection, other than a selection containing a Soccer Non-Participating Player, which is settled as void, then the whole pre-live Same Game Parlay will be settled as void, irrespective of whether the pre-live Same Game Parlay contains other winning or losing selections, unless the match associated with the pre-live Same Game Parlay is abandoned.
- in the event the match associated with the pre-live Same Game Parlay is abandoned, and the pre-live Same Game Parlay contains an already losing selection at the time of abandonment, the pre-live Same Game Parlay will be settled as lost, otherwise the pre-live Same Game Parlay will be settled as void.
- in the event a selection is a tie, and no tie outcome is offered for that selection (for example “Race to X Goals” where neither team reaches the number of goals), then the pre-live Same Game Parlay will be settled as lost.
- A match is abandoned in the event:
 - the match does not start within forty eight (48) hours of the original start time.
 - the match starts but is then abandoned or postponed and is not rescheduled and played within forty eight (48) hours of the original start time.
- In the event a match venue is changed, all bets will be void.
- For all player markets, selected players must take part in the match during or before the relevant period or before settlement has been determined for bets to have action (e.g. bets are not automatically voided in the event a selected player does not start the match), otherwise the player is a Soccer Non-Participating Player. For cards markets, only cards awarded once the player is active in the match will count (e.g. a card shown when a player is a substitute will not count).
- All Soccer specific rules also apply to pre-live Same Game Parlays. In the event of a conflict between any other Soccer specific rules and the Soccer pre-live Same Game Parlay rules, solely as they relate to a Soccer pre-live Same Game Parlay, the pre-live Same Game Parlay rules prevail.

Live Same Game Parlays

- In the event a live Same Game Parlay contains a selection which is settled as void, the live Same Game Parlay will be repriced based on the odds available to DraftKings at bet placement. In the event all selections in a live Same Game Parlay are settled as void, then the whole bet will be settled as void.
- All Soccer specific rules also apply to live Same Game Parlays.

Pre-live Same Game Parlays

- Settlement of these bets will be based on the following criteria:
 - in the event a pre-live Same Game Parlay contains a selection applicable to a player who did not participate in the game (“Baseball Non-Participating Player”), the selection containing the Baseball Non-Participating Player will be voided and the pre-live Same Game Parlay will be repriced based on the last odds available to DraftKings prior to the start of the game. In the event all selections in a pre-live Same Game Parlay are Baseball Non-Participating Players, then the whole bet will be settled as void.
 - in the event a pre-live Same Game Parlay contains at least one (1) selection, other than a selection containing a Baseball Non-Participating Player, which is settled as void, then the whole pre-live Same Game Parlay will be settled as void, irrespective of whether the pre-live Same Game Parlay contains other winning or losing selections, unless the game associated with the pre-live Same Game Parlay is abandoned.
 - in the event the game associated with the pre-live Same Game Parlay is abandoned, and the pre-live Same Game Parlay contains an already losing selection at the time of abandonment, the pre-live Same Game Parlay will be settled as lost, otherwise the pre-live Same Game Parlay will be settled as void.
 - in the event a selection is a tie, and no tie outcome is offered for that selection (for example “Race to X Runs” where neither team reaches the number of runs), then the pre-live Same Game Parlay will be settled as lost.
- A game is abandoned in the event:
 - the game does not start on the scheduled day (local stadium time).
 - The game starts but is then postponed and is not rearranged and played within thirty six (36) hours of the original start time. This rule applies to pre-live Same Game Parlays irrespective of the Playoff Game Rule, the Mercy Rule, or any other exceptions.
- For all player markets, selected players must take part in the game for bets to have action, otherwise the player is a Baseball Non-Participating Player. For the purposes of Same Game Parlays, taking part in the game for the below types of markets (regardless of whether the selection in question references a specific period of the game) is defined as follows:
 - Hitting/Batting Markets – recording at least one plate appearance.
 - Stolen Bases Markets – entering the game in any capacity (e.g. hitter, fielder, pitcher, pinch runner).
 - Pitching Markets- throwing at least one pitch.
- All Baseball specific rules also apply to pre-live Same Game Parlays. In the event of a conflict between any other Baseball specific rule and the Baseball pre-live Same Game Parlay rules, solely as they relate to a Baseball pre-live Same Game Parlay, the pre-live Same Game Parlay rules prevail.

Live Same Game Parlays

- In the event a live Same Game Parlay contains a selection which is settled as void, the live Same Game Parlay will be repriced based on the odds available to DraftKings at bet placement. In the event all selections in a live Same Game Parlay are settled as void, then the whole bet will be settled as void.
- All Baseball specific rules also apply to live Same Game Parlays

Settlement Rules

- All settlements are based on the statistics and results provided by the official website of the league's governing body, or league's official statistical provider, unless otherwise stated.
- Player markets, or other statistically dependent markets, are settled when the game is final, and when the necessary statistics are readily available on the league's official website, or by the official statistical provider of the league. Any subsequent statistical changes after these markets are settled will not result in a re-settlement.
- In the absence of a statistic/result required for settlement of a specific market from the sources listed above, another reputable statistical source will be used to support bet settlement.

Boxing

General Rules

- If the fight does not take place as scheduled and is not played on the same date (local time), all bets are void. The exception is if we advertise an incorrect start time or if a fight is offered using an expected date before the exact date is known. Once an official announcement is made regarding the fight date, the fight will be corrected to the official date and will be subject to normal rules.
- All bets will be settled on the official result announced at the end of the fight. Subsequent appeals/amendments do not affect settlement (unless the amendment was made due to human error when announcing the result).
- The bell sound is the sign for the beginning of the first round for betting purposes. When a fighter fails to answer the bell for the next round, his opponent will be deemed to have won in the previous round.
- In declaration of a “No Contest” or “Technical Draw,” all bets will be void and wagers will be refunded, with the exception of markets where the outcome has already been determined.

Specific Market Rules

- **Fight Winner** - All bets will be valid regardless of changes to the number of rounds to be fought. Declaration of a draw - all bets will be void and wagers will be refunded, except as otherwise stated (e.g., 3-Way Moneyline bets). This includes a fight which ends in a Majority Draw.
- **Method of Victory** - If for any reason the number of rounds in a fight is changed, bets already placed will be void and wagers returned.
 - **Draw or Technical Draw** - Draw is scorecard draw. Technical Draw is if the referee stops the fight before the start of the 5th round, for any reason other than Knockout, Technical Knockout or disqualification, and results in all bets being void.
 - **Knockout** - Knockout is when the boxer does not stand up after a 10 count. Technical Knockout is the 3 knockdown rule or if the referee steps in. Any corner retirement will be considered a technical knockout unless the fight is subsequently decided by the judges' scorecards, or is declared a No Contest.
 - **Technical Decision** - Decision is on scorecard points between the judges. Technical Decision is settled by the judges' scorecards at any time other than at the end of the scheduled rounds. In the event of a Technical Decision before the end of the fight, all markets that can be settled as Decision will be settled as Decision.
- **Total Rounds** - If for any reason the number of rounds in a fight is changed, bets already placed will be void and wagers returned. For settlement purposes, where a half round is stated, then 1 minute 30 seconds of the respective round will define the half to determine under or over. For example: Over 90 seconds into the 7th round of a boxing fight will equal Over 6.5 rounds. In the case of Women's Boxing, where a half round is stated, then 1 minute of the respective round will define the half to determine under or over.
- **Knockdown Betting** - For settlement purposes a knockdown is defined as a fighter being KO'd or receiving a mandatory 8 count (anything deemed a slip by the referee will not count).
- **Round or Group of Rounds Betting** - If for any reason the number of rounds in a fight is changed, bets on round betting already placed will be void and wagers returned. For betting purposes, betting on rounds or groups of rounds is for a fighter to win by KO, TKO or disqualification during that round or

group of rounds. In the event of a Technical Decision before the end of the fight, all bets will be settled as a win by Decision.

- **What Round Will Fight End/When Will the Fight End** - If for any reason the number of rounds in a fight is changed, bets already placed will be void and wagers returned. For betting purposes, 'Fight To Go The Distance' covers the bout being decided by Points, or ending in a Draw after the scheduled number of rounds. In the event of a Technical Decision being declared, then settlement of both markets will be based on the final completed Round. This rule applies to Total Rounds as well.

Settlement Rules

- All settlements are based on the statistics and results provided by the official website of the league's/competition governing body. For Boxing, www.boxrec.com is used.

Cricket

General Rules

- All games must start on the scheduled date (local time) for bets to have action.
- All bets on a match which starts but is then abandoned or postponed matches will be void unless the match is rearranged and played on the same date (local time) unless settlement has already been determined or unless it is otherwise stated in the rules. An exception is made if an incorrect start time is announced on our website.
- If a match venue is changed, bets already placed will stand as long as the home team is still designated as such. If the home and away team for a listed match are reversed, bets based on the original listing will be void.
- **Test Matches / First-Class Matches** – Bets stand where at least one ball has been bowled. In Test Matches, if the official result is a tie, draw bets will be settled as losers and the match will be settled under Dead Heat rules. In County Championship, Sheffield Shield, and Plunket Shield matches where the Draw is NOT offered as a selection, all bets will be void when there is a Draw. For all Three/Four/Five Day matches, a minimum of 50 overs must be bowled, with the exception of teams being all out or declaring, otherwise all bets will be void unless settlement has already been determined. In the event of an inning being forfeited, all bets will be void unless settlement has already been determined. Subject to the above rules, all bets will stand regardless of delays and interruption caused by adverse weather.
- **One Day (50/40 Overs) / Twenty20 / T10 / 100-Ball Competitions** - In matches affected by adverse weather, bets will be governed by the official competition rules except if a match is decided upon by either a bowl out or the toss of a coin, in which case all bets will be void unless settlement has already been determined or unless it is an elimination match. In the event of a change of opponent from the one advertised, all bets will be void. Where tie is not offered as a selection and the official competition rules determine a winner/progressing side, all bets will be settled on the official result. In competitions where a super over determines a winner, all bets will be settled on the official result.
- **The Hundred** – An over will consist of 5 legal deliveries, so a full inning will be made up of 20 overs. All other rules remain the same as other formats unless otherwise specified within the specific market rules section.
- Boundaries, extras, runs, and wickets scored/taking place in a super over do not count unless otherwise stated.

Specific Market Rules

- **Draw No Bet** - Predict which team will be the winner. In the case of a draw, all bets will be void. If a game is abandoned, all bets will be void.
- **Double Chance** - Predict the match result to be either of the three options given. Bets will stand on the official result provided at least one delivery has been bowled.
- **Innings Runs** - If the Duckworth-Lewis-Stern ("DLS") method is called into play and the runs for one of the teams are reduced – markets will be valid for settlement. In the event of a re-calculated target for the side batting second due to DLS, only the runs scored by the side batting first will be used for settlement. Additional runs awarded to the side batting first for loss of overs due to the intervention of rain or any other delay will not be counted towards this market. All bets will be void if, after the bets

were placed, the number of overs or balls is reduced for the innings by more than the values stated below for the applicable format unless settlement has already been determined.

- One Day Matches – 5 or more overs.
- Twenty20 Matches – 3 or more overs.
- T10 Matches – 1 or more overs.
- 100-Ball Matches – 21 or more balls.
- **1st Xth Overs Runs** - Predict how many runs will be scored in the specified number of overs. In the event the specified number of overs are not completed, bets will be void, unless the team is all out, declares, reaches their target or settlement of the bet has already been determined. In One Day Matches, Twenty20 Matches and T10 Matches, bets will be void in the event the total innings is reduced at any stage to less than eighty percent (80%) of the stated maximum overs at the time the bet was placed, unless settlement was already determined before the reduction.
- **1st Xth Overs Runs (5 Balls)** - Predict how many runs will be scored in the specified number of overs (5 balls). In the event the specified number of overs are not completed, bets will be void, unless the team is all out, declares, reaches their target or settlement has already been determined. In 100-Ball Matches, bets will be void in the event the total innings is reduced at any stage to less than eighty percent (80%) of the stated maximum overs at the time the bet was placed, unless settlement was already determined before the reduction.
- **Session Runs** - Predict how many runs will be scored in the specific session. The result is determined by the total number of runs scored, regardless of which team has scored them. If fewer than 20 overs are bowled in a session, bets will be void unless settlement has already been determined.
- **Fall of Next Wicket** - Predict whether the next wicket will fall before or after a specified number of runs have been scored. If the batting team reaches the end of their allotted overs, reaches their target, or declares before the specified wicket falls, the result will be the total amassed. If a player retires hurt, all bets struck on that wicket are carried over onto the next partnership until a wicket falls. If a player retires out all bets stuck on the wicket will be settled as normal. All bets will be void if, after the bets were placed, the number of overs or balls is reduced for the innings by more than the values stated below for the applicable format unless settlement has already been determined.
 - One Day Matches – 5 or more overs.
 - Twenty20 Matches – 3 or more overs.
 - T10 Matches – 1 or more overs.
 - 100-Ball Matches – 21 or more balls.

- **Next Over Runs (5 Balls)** - Predict the total runs scored during the next over (5 balls) of a 100-Ball match. Extras and penalty runs will be included. If the over (5 balls) is not completed, all bets will be void, unless settlement has already been determined.
- **Next Over Wicket? (Yes/No)** - For settlement purposes, any wicket will count, including run outs. A player retiring hurt does not count as a wicket. If a player is timed out or retired out, the wicket is deemed to have taken place on the previous ball. If the over is not completed, bets will be void, unless settlement is already determined.

- **Next Over Odd/Even** - Zero will be deemed to be an even number. If the over is not completed, bets will be void.
- **Runs Off Delivery** - The settlement will be determined by the number of runs added to the team total, off the specified delivery. For settlement purposes, all illegal balls count as deliveries. For example, if any over starts with a wide, then 1 run for the wide delivery will be the settlement for the first delivery despite there being no legal ball bowled. The next ball will be deemed as delivery 2 for that over. If a delivery leads to a free hit or a free hit is re-bowled because of an illegal delivery, the runs scored off the additional delivery do not count. All runs, whether off the bat or not, are included. For example, a wide with three extra runs taken equates to 4 runs in total off that specified delivery.
- **Batter Total Runs** - Predict whether the named player will score more or less than a specified total. Bets will stand after the specified player has faced one delivery or is given out without facing a delivery. In the event a player finishes the innings not out as a result of a declaration, the team reaching the end of their allotted overs, or the team reaching their target, the player's score will be the final result. In the event a player retires hurt, but returns later, the total runs scored by that player in the innings will count. In the event a player does not return later, the final result will be as it stood when the player retired. In drawn First Class matches, bets will be void if fewer than two hundred (200) overs are bowled, unless settlement has already been determined. In all limited overs matches (One Day Matches, Twenty20 Matches, T10 Matches or 100-Ball Matches), bets will be void in the event it has not been possible to complete at least eighty percent (80%) of the scheduled overs in either innings due to external factors, including bad weather, unless settlement has already been determined.
- **Bowler Total Wickets** - Bet on whether the named player will take more or less wickets than a specified total. In all forms of cricket, the player must bowl at least one (1) delivery for bets to stand.  - One Day Matches – 5 or more overs.
 - Twenty20 Matches – 3 or more overs.

- **Batters to Score 50+/100+ Runs** - Bets will stand after the specified player has faced one delivery or is given out without facing a delivery. Test and First-Class Matches – All bets will stand irrespective of delays caused by rain or for any other reason providing a single ball is bowled.

In the event all selections in a pre-live Same Game Parlay are Hockey Non-Participating Players, then the whole bet will be settled as void.
 - in the event a pre-live Same Game Parlay contains at least one (1) selection, other than a selection containing a Hockey Non-Participating Player, which is settled as void, then the whole pre-live Same Game Parlay will be settled as void, irrespective of whether the pre-live Same Game Parlay contains other winning or losing selections, unless the game associated with the pre-live Same Game Parlay is abandoned.

- If the fight does not take place as scheduled and does not occur on the same date (local time), all bets are void. Exceptions are 1) if we advertise an incorrect start time and 2) if we set up a fight using an expected date before the exact date is known. Pool Entry

To participate in a Pool, a Patron must pay the entrance fee (where required) for that Pool as outlined in the applicable Pool Terms and Conditions and submit a Card for that Pool including selecting a Pick for each listed Event. Sportsbook free bets/tokens cannot be used for DraftKings Sportsbook Pools entries. Patrons may purchase and submit more than entry per Pool subject to maximum entry limits that may be established in the applicable Pool Game Conditions. The Patron must select one Pick from each Event on the Card for a valid entry, though in the case of Combo Play more than one Pick may be selected creating multiple entries. Once a Patron has submitted their Card and received a Ticket, the Patron can alter their picks until each event start time. Where DraftKings determines that a Patron entered a Pool after an Event in that Pool commenced, DraftKings reserves the right to void that Pool entry.

Combo Play

As an example of Combo Play, if a Patron selects two Picks for the same Event using Combo Play (i.e., Pick A and Pick B) for a Pool with a \$5 entrance fee, the Patron will now have two potential entries, one based on Pick A and the other based on Pick B, with a total cost for the ticket of \$10. When Combo Play is offered by DraftKings, the number of Events for which multiple Picks can be selected may be limited as set out in the applicable Pool Game Conditions. Entries created through Combo Play will be settled under a single ticket number in the Patron’s account history.

Correct Picks

Subject to the applicable Pools Game Conditions, a correct Pick will be determined by DraftKings with reference to the Rules that are applicable to the Settlement of the Pick in question as determined by DraftKings. Picks are settled on the official result published by the governing body or as otherwise verified by DraftKings. After Settlement of a Pool and corresponding payment of the Prize Pool when applicable, any subsequent corrections or amendments by the governing body to the result will not be applicable. Where DraftKings determines that an error was made, including on the Pool Game Conditions, the Pool Card including errors in listings of Events or Picks, or in the settlement of a Pool, then DraftKings reserves the right to: correct

such error and settle, or Resettle, the Pool with the error corrected; or to settle or Resettle the Pool with all Picks for Events DraftKings deems affected by the error as a correct Pick.

Ties

In the occurrence of a tie result on any Event whereby neither available Selection for that Event is the correct result (i.e., a Tie result is not offered as a Selection) the outcome of all Selections for that Event will be settled as a correct Pick unless stated otherwise in the Pool Game Conditions.

Determining Winners

Winners will be determined by DraftKings with reference to the criteria set out in the Pool Game Conditions subject to the conditions set out above for determining correct Picks.

Event Postponement, Cancellation, or Void Events

If DraftKings determines an Event has been cancelled or postponed or where DraftKings would otherwise have the right to treat an Event as void, DraftKings reserves the right to settle the Pool with all Picks for such cancelled or postponed Events settled as a correct Pick or alternatively to void all tickets on that Pool. DraftKings may continue to offer Picks including when applicable, Combo Play Picks, on such Events even if it has become aware of the cancellation, postponement or voiding of the Event, while reserving its rights to settle the Pool with all such Picks as correct or alternatively voiding all tickets on that Pool. Where there is evidence or suspicion of illegal or fraudulent activity, or of rigging or fixing of an Event within a Pool, DraftKings may declare Picks or Tickets on such Events or Pools void in accordance addition to its rights set out in the Rules dealing with fraud or suspicious activity, event rigging or fixing.

For clarity, if the start time for an Event within a Pool is changed by the official governing body within the same calendar day as the previous listed start time, either prior to or after the Pool Closing Time, submitted Cards will remain valid.

Tiered Prizing

Where there are tiered prize levels for a Pool, the number of correct Picks on the Pools Card for each prize level will be set out in the Pools Game Conditions.

Prizes

DraftKings will pay out the Prize Pool or portion thereof, to Winners in accordance with the prize structure as specified in the Pool Game Conditions.

Guaranteed Prize Fund

DraftKings may at its sole discretion, guarantee a minimum prize fund for a Pool by potentially adding to the Prize Pool as set out in the Pool Game Conditions. Pools do not have a guaranteed Prize Pool unless otherwise stated in the applicable Pool Game Conditions.

Limits/Maximum Payouts

The limits/maximum daily payouts outlined in the Rules do not apply to Pools. There is no set daily payout limit for Pools; nor does any winning affect the daily payout maximums from any other winnings from Sports bets.

Rollovers

If there are no Winners for any given Pool and the pool contest is defined as a 'rollover' type, then DraftKings may, though is not obligated to, rollover the Prize Pool for that Pool (i.e., Pool A) to a Prize Pool for another Pool (i.e., Pool B). In the event DraftKings rolls over the Prize Pool for Pool A to the Prize Pool for Pool B and Pool B then ends without any Winner(s), then the Prize Pool for Pool A will either be rolled over as part of a rollover of the Prize Pool for Pool B to another Pool (i.e., Pool C) in accordance with Pool B's Game Conditions, or failing that, the Prize Pool for Pool A will be paid out by DraftKings to players in proportion to their contribution to the Prize Pool for Pool A. A Prize Pool may be rolled over through numerous Pools until either, there are Winner(s), or the Prize Pool is paid out to players in proportion to their contribution.

Prop Pools

DraftKings may at its sole discretion offer 'Prop Pools' related to outcomes specific to an event or a series of events that are not entirely related to the outcome of the event.

User Generated Pools

Authorized Account Holders may create Private or Public Pools for specified 'contest sets', which are made available for User Generated Contests at the sole discretion of DraftKings.

Contest Results

Contest results and prize calculations are based on the final statistics and scoring results at the completion of the last professional sports game of each individual Contest. Once Contest results are reviewed and graded, prizes are awarded. The scoring results of a Contest will not be changed regardless of any official statistics or scoring adjustments made by the leagues at later times or dates, except in DraftKings' sole discretion.

DraftKings reserves the right, in its sole and absolute discretion, to deny any contestant the ability to participate in head-to-head contests for any reason whatsoever. Further, DraftKings may, in its sole and absolute discretion, invalidate any head-to-head contest result for the purposes of preventing abusive and/or any unfair or potentially unlawful activity, or in the event that there is a risk of any such abusive, illegal, or unfair activity.
